WORK EXPERIENCE

Data Entry Intern | Bluewhales Transport Company

JULY 2021 – SEPTEMBER 2021

- **Daily Log Management:** Accurately documented the movement of all buses in spreadsheet logs on a daily basis.
- **Revenue Reconciliation:** Developed an Excel function to ensure daily revenue recorded was consistent with the number of customers, achieving a 100% match between revenue and customer count.
- **Monthly Audit:** Conducted a thorough monthly review to verify that physical bus logs matched the documented spreadsheet logs, maintaining a 100% accuracy rate.
- **Data Backup:** Performed weekly backups of bus logs, ensuring data integrity and security.
- **Customer Traffic Analysis:** Created visual charts to identify peak customer times during the day and the busiest days of the week, providing insights for operational improvements.

Software Development Intern | Pension Transitional Arrangement Directorate

JULY 2022 – SEPTEMBER 2022

- **Database Management:** Assisted in managing databases by writing and optimizing SQL queries to enhance data retrieval and manipulation for various application features.
- **Code Review Participation:** Actively participated in code reviews, contributing to code quality by providing constructive feedback and strictly adhering to coding standards.
- **Issue Resolution:** Troubleshooted and resolved issues in collaboration with team members, ensuring smooth application performance.

Information Systems Intern | Transcorp Hilton, Abuja

MAY 2023 – SEPTEMBER 2023

- **Wi-Fi Infrastructure Upgrade:** Collaborated with team members to upgrade Wi-Fi access points across the entire hotel, improving network reliability and performance.
- **Router Configuration:** Facilitated the configuration of upgraded routers, ensuring seamless integration into the existing network.
- **Server Maintenance:** Conducted server updates and restarts to maintain system stability and security.
